Ramadaan Mubaaruk!

All & beautiful praises be upon Allah 'Azza wa Jall who has blessed us with the precious opportunity to experience another Ramadaan: A month favoured by Allah, over all other months, distinguished by the reverence & mercy which it holds

Indeed, Ramadaan is the most superior of all months: the one in which Allah commenced His final revelation to the most beloved of all Messengers (sallallahu 'alayhi wa sallam).

Fortunate are those who make this month of Ramadaan: the month of prayer, the month of worship, the month of recitation of Al Qur'aan, the month of giving Zakaat, the month of generosity, the month of being aware of our speech & actions.

Fortunate are those who make this the month of strengthening relations between relatives, the month of reinvigorating our relationship with Allah 'Azza wa Jall & purifying our hearts, & the month of increasing our knowledge of Sunnah.

Each moment contains a hundred messages from Allah: To every cry of "Oh Allah" ,He answers 100 times: "I am here." (Rumi)

Radio Islam's Ramadaan 1431 focus is on enhancing your relationship with Allah 'Azza wa Jall. Through the presentation of our sub-topics such as: the Musjid, Tawbah, Thikr & the Remembrance of Death, our dynamic team seeks to enrich your life with deep love for our Sustainer.

There is a candle in your heart, ready to be kindled. There is a void in your soul, ready to be filled. You feel it, don't you? (Rumi). Radio Islam International: Enlightening & Enriching your life with Love for Allah

M.U.S.A.A.F.I.R Campaign

...Because we are all travellers in Life.

Many would agree that we live in an era with problems abound and people feel lost and alone. Radio Islam through it's M.U.S.A.A.F.I.R campaign aims to bring the community together

Every week, for four weeks, the M.U.S.A.A.F.I.R team will give the listeners a new scenario with a theme for each week. We will give you the problems and you will send us the winning solutions.

Our aim on this journey: Every traveller looks to set up camp along the way and the M.U.S.A.A.F.I.R's first stop is a place of much difficulty and disunity between husband and wife. In this camp solutions need to be found in order to get to a place of **MARITAL UNITY**.

The second camp gets more challenging as two women in almost every household battle it out to be head of their camp and to keep those camp fires burning well. **SERENITY ATTAINMENT** between mother in law and daughter in law is the goal of the second of our journey's together.

Travellers, young and old experience the anxiety that comes with an ever changing terrain. Let's get to a place of **ASSURED FAMILY** for generations to come, as we tackle the chaos that reigns between parents and their children.

Finally we come to the expenses that we incur in our travels and that of **INCOME RESPONSIBILITY** does not come without it's

share of difficulties between employer and employee. The M.U.S.A.A.F.I.R needs your assistance as we travel this last leg of our journey together.

Radio Islam Listeners! Put on those thinking caps. Let's travel together, let's fix those burning shattered camps and let's build places of comfort for future generation's travelling the same path. **REMEMBER: WITH EVERY STEP WE GET CLOSER TO OUR DESTINATION**

The weather report in different languages is a breeze. Keep it up!. Masha Allah - Congratulations to the presenters, producers and all staff of Radio Islam for winning two awards. Well done. May the Almighty Allah grant you more awards in this world and many more rewards in the Aakhira. Ameen.

Asallamu alaykum. The programs on Radio Islam seem to have a new flavour about them. Very witty ,humorous and most of the time spiritual. We even look forward to the traffic report which is so unique.

You are an inspiration to us all young and old!!!! Make dua for me and the ummah of Nabi Karim (S.A.W)-.M.O-VOLKSRUST.

As Salaammu Alaikum. JazakaAllah for a wonderful radio station. I keep the station on through out the day. It makes me feel like I'm back home again. May the Almighty Allah reward all those involved in the radio station, the BEST RADIO STATION in the world. Your sister in Islam, Dubai.

Salam Alaikum. I'm listening to The Inspired Muslimah from across the ocean in Canada. I'm not a Muslim but I'm considering conversion. I wanted to write to say thank you. I have been suffering from severe depression lately and I feel oddly lonely at times, even when my house is full. Truth be told I cannot say why it was I turned on your station today. I

had a strange need to listen to something, anything that was inspired by and made for the Glory of God, something to make the house feel less empty. When I tuned into your station on my computer you were talking about the afternoon challenge, finding 5 things that we were each grateful for and I thought that it might be a good thing for me to do. I could only come up with four things .

As I listened to the parable about the man with no shoes I got to thinking "My life really can't be that bad. There's got to be something in my life, even if it's a small thing, that I'm grateful for." It was as though a hand patted my shoulder gently and said "Silly girl, it's right there, in front of you." My fifth thing that I was grateful for was a kind voice, thousands of miles away, that had a pure intent in her job, talking on the radio and making me feel a little less lonely. I smiled for the first time in days. I feel silly for crying as I write this but I thought it important to write in and say thank you to the kind voice so far away because I hate leaving any gift undelivered. Thank you from so very far away. I hope this will get to the lovely presenter that was on The Inspired Muslimah today. **Katherine**.
